

# Amit Biswas

Jr. Front End Web Developer

---

## SKILLS

**Font-end** : HTML, CSS, Tailwind, JavaScript, React.js, Next.js

**Back-end** : Node.js, Express.js

**Database** : MongoDB

**Version Control**: Git, GitHub

---

## PROJECT

### Brew Bite : MERN Stack Project

[Line](#) | [Client](#) | [Server](#)

1 - Built a fully responsive full-stack coffee ordering platform where users can browse coffee items by category, price (high to low / low to high), rating (high to low / low to high), and call data. Integrated secure user authentication with Firebase, allowing logged-in users to access a personalized dashboard. Authenticated users can add, update, and delete their own orders. The frontend is built with React.js and styled using Tailwind CSS, while the backend is powered by Node.js, Express.js, and MongoDB.

---

### Apple Gadgets : Next js

[Line](#) | [Client](#)

Apple Gadgets This is an e-commerce website built using Next.js. I have completed the Home page, which includes the Category section, Featured Products, New Arrivals, and Top Brand Products. It also features brand logos, a description section, and a footer. The website is fully responsive across all devices.

---
